

ALUMNI NEWS

We are happy to share with you responses received this year from alumni who have taken the time to remove the last sheet of the Newsletter and return it to us so that we might pass on activities and accomplishments of many of your former colleagues during the past year. Especially this year we encourage all of you to take the time to fill out the information page and share with us your suggestions and ideas for the coming centennial celebration in the Department. We appreciate all of our alumni and hope you have a sense of belonging and will participate with us as we celebrate this significant event in entomology at Illinois.

Also, we appreciate this opportunity to share with you the accomplishments of our present graduate students, those completing their work and looking for positions. We hope you will take the opportunity to look at their talents and share with us positions that might be available.

LUSETTIE BLEVINS

Home Address: Atwater, Illinois 62511

Recent Travels for Business or Pleasure: Went to Cincinnati, Ohio for a church meeting in October 1973. Spent five weeks in Florida and Washington, D.C. in March and April 1974.

Suggestions or Comments concerning the "Newsletter:" I am always glad to get the Newsletter. I look for news of the Class of 1924. I hope to be on the Campus for the Fiftieth Anniversary of the graduation of the Class of '24 in October 1974.

ROBERT W. CLEGERN (Bert)

Home Address: 5519 Aspen Valley

San Antonio, TX 78242

Business Address: Chief, Entomology Branch  
Epidemiology Division  
USAFSAM

Brooks AFB, TX 78235

Current Research Interests or Recent Publications: Current study interest: Entomological and environmental field evaluations of aerial spray operations at USAF installations; epidemiological aspects of chronic low-level exposures to Chlordane. Publication: Clegren, R.W. & S.G. Termaath. 1974. Environmental survey of the Phoenix Islands, Central Pacific Ocean, USAF Environmental Health Laboratory, Kelly AFB, TX. Technical Report.

Papers Presented: "USAF Research Activities in Medical Entomology" and "Insects as Indicators of Water Quality" presented at 1974 Tri-Service Military Entomology Conference, Ft. Sam Houston, TX.

Recent Travels for Business or Pleasure: Business: Vandenberg AFB, CA, Los Angeles AFS, CA, Homestead AFB, FL, Wright-Patterson AFB, OH, and Washington, D.C. Pleasure: Orange County, CA, Hartford, CT, and central Texas.

Family News or Other Items of Interest: Carol is expecting a baby (girl) in late June.

HERBERT LIPKE

Business Address: Department of Biology  
University of Massachusetts/  
Boston, Harbor Campus  
Dorchester, MA 02125

Current Research Interests or Recent Publications: 1) Melanins in Invertebrate Immunity. (J. Scanlin and K. Maramorosch, Eds.) Academic Press, New York. 2) Protomer Stability and Sclerotization, BBA., 351:348 (1974). 3) Molecular Weight of Chitin in Festschrifte for A. Glen Richards (Hepburn, W. Ed.) Elsevier, 1974. 4) Non-identity of Cuticle Glyco Peptides, Biochemical Journal, In Press.

Family News or Other Items of Interest: I am now married to a grandmother. As Chairman of the Department I am not permitted to have any interests.

DICK LIPSEY

Business Address: Velsicol Chemical Corporation  
Rt. 2 Box 298  
Lithia, FL 33547

Current Research and Recent Publications: Haney, A., Lipsey, R.L. (1973) Accumulation and effects of methyl mercury hydroxide in a terrestrial food chain under laboratory conditions. Environ. Pollut. 5, 305-16. I am currently co-ordinating research with entomologists at the University of Florida, University of Georgia and the USDA labs at Tifton, Georgia for the control of the major insect species in cotton, soybeans, corn, tobacco, peanuts, citrus, sugarcane, pasture, and Florida vegetables.

Recent Travels for Business or Pleasure: I saw many old friends at the Illinois breakfast at the ESA meeting in Minnesota last December. The North-central Branch and the Southeast Branch Meetings.

Family News: No additions to the family. Daughter Cheryl (6) and wife Mary Ann.

ROBERT D. MORDEN

Business Address: Department of Biology  
University of Wisconsin  
Superior, WI 54880

Current Research and Recent Publications: Was the director of the biotic division of the Environmental Impact Assessment Report for Deluth-Superior Harbor.

FRANKLIN C. NELSON

Home Address: 2601 N.E. 14th Street  
Apt. 127  
Pompano Beach, FL 33062

Current Research Interest or Recent Publications: None. Retired 15 years and love it!

Recent Travels for Business or Pleasure: Trip thru northern Florida and on up to Anderson and Greenville, South Carolina, with the possibility to moving to a cooler climate in the near future. Just too hot and humid here even during the winter, both this year and last year. Also, the traffic in this N.E. corner of Florida is just about impossible. We leave here May 29 for New Jersey and plan a trip to California late in the

summer. Our oldest granddaughter was just accepted at Case Western as a major in Violin. She has been a part-time student at Julliard. The second oldest is a sophomore at Amherst in Education. My son and daughter gave us a very fine 50th Anniversary party at my son's home in Westfield, New Jersey. June 29, 1974. Now we are looking forward to the 75th.

DAVID C. NEWTON

Business Address: Department of Biological Sciences  
Central Connecticut State College  
New Britain, CT 06050

Current Research Interest or Recent Publications: My current research interest continues to be in honeybee behavior. My masters students and I have been investigating cannibalism, removal of debris from the colony and hygienic behavior in relation to the bee disease, American foulbrood. At this time we are investigating the use of ethylene oxide for fumigation of diseased hives and combs in conjunction with George Cantwell USDA ARS. Results of these fumigation studies have been very successful to date. Recent publications are: Bee notes for orchardists. In Fruit Notes 39(3):1-4. University of Mass. Cooperative Extension Service (1974). Social organization in Crayfish. In Animal Behavior in Laboratory and Field. Freeman. (In Press) (1975).

Recent Travels for Business or Pleasure: Our recent summers have included trips to Cape Cod, Washington, D.C., and Canada.

Family News or Other Items of Interest: Janice is teaching at Noah Wallace Elementary School and Carol and Gail are in 10th and 8th grades and doing well.

STEPHEN J. (STEVE) PARSHALL

Business Address: Box 1173  
VA Hospital  
Hines, IL

Current Research Interests or Recent Publications: Nuclear Medicine Technology.

Recent Travels for Business or Pleasure: Nuclear Medicine Society Meeting in San Diego, June 1974.

Family News or Other Items of Interest: My parents sold their house in Winnetka. My brother, Joel, got married on June 1 of this year. After a hiatus of nearly 8 years, I am starting up a new collection of insects. By the way, I donated my previous collection of insects (going back to 1955) to the University of Louisville, Biology Department's budding insect collection (Dr. Charles V. Covell, Curator).

HANK PIERCE, JR.

Home Address: 3515 Gresham Ct.  
Pleasanton, CA 94566

Current Research Interests or Recent Publications: Currently product representative, Ectoparasiticides. Animal Health, Shell Chemical Company.

ROBERT SNETSINGER

Business Address: Department of Entomology  
106 Patterson Building  
The Pennsylvania State University  
University Park, PA 16802

Current Research Interests or Recent Publications: Recently published, Frederick Valentine Melsheimer, Parent of American Entomology, a republication of America's first book on entomology with a biographical sketch on its author who was a noted clergyman and German-American scholar of the period following the American Revolutionary War. Available from Entomological Society of Pennsylvania, University Park, Pennsylvania. 86 pages, price \$4.00.

HACHIRO YUASA

Home Address: 61 Nakakawara-Machi  
Shimogamo  
Sakyo-Ku, Kyoto  
Japan 606

Business Address: International Christian University  
President Emeritus  
Chairman, Board of Trustees

Family News or Other Items of Interest: Wife Kiyoko (B.A. Simpson College 1921) died April 22, 1972. Son Yo, B.A. Amherst College, also International Christian University; M.D. Edinburgh; now a leprosy specialist serving in Nepal. Yo's wife, Yuko, B.A. International Christian University.

Suggestions or Comments Concerning the Newsletter: Just a word to express my sincere appreciation for the masterly Entomology Newsletter, 1973, which reached me in Kyoto where I live now, after my retirement from the Presidency of International Christian University, Tokyo in 1962. In 1935, I left Kyoto Imperial University where I was the head of the Entomological Department, 1924-1935, to assume the presidency of Doshisha University in Kyoto thereby practically severing my active relation with the world of natural science.

Needless to say that I still cherish my fond memories of my years in Urbana (M.S. 1917, Ph.D. 1920, Natural History Survey 1921). I owe an everlasting debt of gratitude to the "then" faculty of the Department of Entomology, especially to Professor MacGillivray.
