Course Overview: Welcome to NRES 348! This course is intended to provide an introduction to the ecology, management, and conservation of wildlife and fisheries populations/ecosystems. Emphasis will be placed on basic principles of population ecology, habitat management, and conservation of biodiversity. Material will cover both exploited and non-exploited species. The format of the course is three lectures/week. We will also have sessions during which we discuss course-related issues in a more participatory and active learning environment.

Time and Place: MWF at 10-10:50; Room 149 National Soybean Research Center

COVID Safety Precautions: In order to mitigate the spread of COVID students will be required to wear masks and follow the vaccination/testing requirement laid out by campus.

Online students: The course is designed and being taught in the context of an in-person course. We have allowed a few students to register for the online section of the course. We will setup a separate compass site for the virtual students allowing them to view lectures, take quizzes, participate in discussions, and take tests on compass (so disregard some of the next topics). Zoom will be used for the online students, with the links in compass.

READINGS FOR LECTURES WILL BE REQUIRED AND POSTED ON COMPASS (NO PHYSICAL TEXT IS REQUIRED).

At this point we are using compass and just exploring canvas.

Exam and Grading: Your grade will be based on the following:
1) Quizzes: 25 points each, four will be given at the times outlined in the syllabus. The lowest grade will be dropped, the quizzes will be administered in person during the last 25 minutes of the class (a total of 75 possible points).
2) Mid-term exam (exam in person in the classroom): 100 points
3) Final Exam (exam in person in the classroom): 100 points
4) Attendance / participation (attending guest lectures) in the 4 Discussions (conducted in class): 32 points
5) In-class Field Trip (we will walk from class to the U of I arboretum): 10 points
6) A 5-7 page paper on a topic discussed in class or on the ecology and/or conservation of a species. (PLEASE have your topic approved prior to writing the paper). 40 points. More details to come.

Extra-Credit: 1D wildlife and plants: 10 points

Total Possible Points: 357 + 10 extra credit

NO make-ups for exams or quizzes without prior approval

GRADING SYSTEM:
A+  97 to 100%
A   93 to 96.9
A-  90 to 92.9
B+  87 to 89.9
B   83 to 86.9

Important Dates:
October 22nd -- Midterm Exam
December 13th -- Final

Expectations: **Attendance is expected at every class.** Most of the PowerPoint lectures will be posted on compass. We expect the online students to attend the course at the scheduled times. We will be recording the lectures via Zoom, but these will only be made available to students who have a good excuse for missing lecture.

**Lecture Schedule (Tentative):**
Syllabus is subject to change as we work to provide guest lectures. We will update the syllabus and let students know when there are changes.

Academic Integrity
The University of Illinois at Urbana-Champaign Student Code should also be considered as a part of this syllabus. Students should pay particular attention to Article 1, Part 4: Academic Integrity. Read the Code at the following URL: http://studentcode.illinois.edu/. Academic dishonesty may result in a failing grade. Every student is expected to review and abide by the Academic Integrity Policy: http://studentcode.illinois.edu/. Ignorance is not an excuse for any academic dishonesty. It is your responsibility to read this policy to avoid any misunderstanding. Do not hesitate to ask the instructor(s) if you are ever in doubt about what constitutes plagiarism, cheating, or any other breach of academic integrity.

Students with Disabilities
To obtain disability-related academic adjustments and/or auxiliary aids, students with disabilities must contact the course instructor as soon as possible. To insure that disability-related concerns are properly addressed from the beginning, students with disabilities who require assistance to participate in this class should contact Disability Resources and Educational Services (DRES) and see the instructor as soon as possible. If you need accommodations for any sort of disability, please speak to me after class, or make an appointment to see me, or see me during my office hours. DRES provides students with academic accommodations, access, and support services. To contact DRES you may visit 1207 S. Oak St., Champaign, call 333-4603 (V/TDD), or e-mail a message to disability@uiuc.edu. http://www.disability.illinois.edu/.

Emergency Response Recommendations
Emergency response recommendations can be found at the following website: http://police.illinois.edu/emergency/. I encourage you to review this website and the campus building floor plans website within the first 10 days of class. http://police.illinois.edu/emergency/floorplans/.

Family Educational Rights and Privacy Act (FERPA)
Any student who has suppressed their directory information pursuant to Family Educational Rights and Privacy Act (FERPA) should self-identify to the instructor to ensure protection of the privacy of their attendance in this course. See http://registrar.illinois.edu/ferpa for more information on FERPA.
Sexual Misconduct Policy and Reporting

The University of Illinois is committed to combating sexual misconduct. Faculty and staff members are required to report any instances of sexual misconduct to the University’s Title IX and Disability Office. In turn, an individual with the Title IX and Disability Office will provide information about rights and options, including accommodations, support services, the campus disciplinary process, and law enforcement options.

A list of the designated University employees who, as counselors, confidential advisors, and medical professionals, do not have this reporting responsibility and can maintain confidentiality, can be found here: https://wecare.illinois.edu/resources/students/#confidential
