

INTEGRATIVE HEALTH CERTIFICATE COURSE GUIDE

1. Declare their intention to complete the certificate and develop a plan of study by completing the [online form](#).
2. Choose which certificate track you intend to follow:
 - A. Complete **four courses** selected from the list below.
 - B. Complete **three courses** selected from the list below and participate in at least one practicum to be approved by an IB advisor.
3. Complete the [online checklist](#) no later than the final day of classes in the student's final term to affirm that the requirements for the certificate have been met.

Options for a practicum may include, but are not limited to, the following: volunteering, research, experience abroad, internships, or job shadowing. Practicums should comprise at least 20 supervised hours of experience aligned with the certificate. Students need to complete the [online practicum approval form](#) prior to undertaking the experience.

Students completing the certificate will be presented with an official certificate document. Although the certificate will not appear on a student's transcript, students will be free to use this credential on any resumé or application for advanced study.
